

# MMUTCD Update

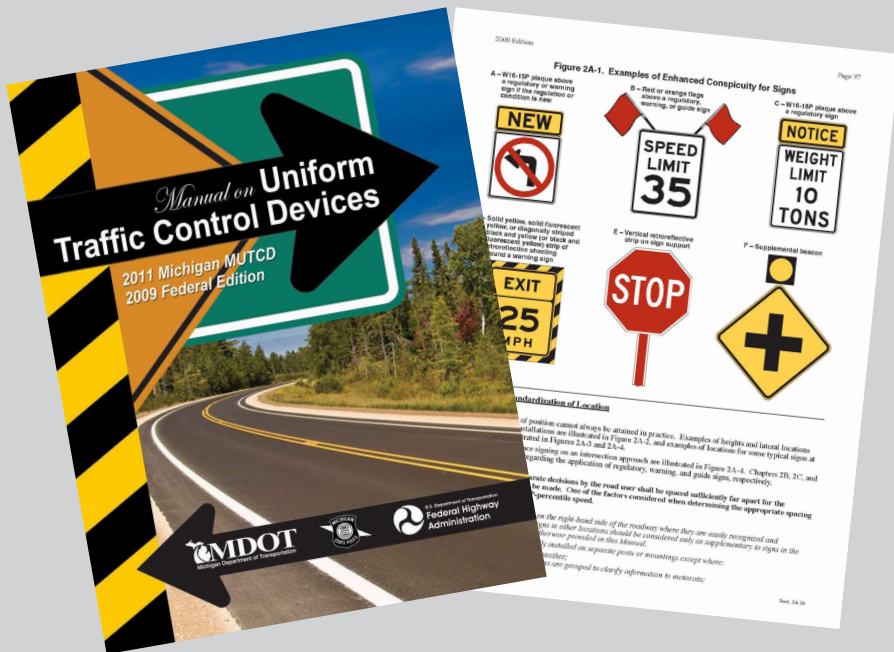

Second Session now Available

Online Training

30<sup>th</sup> January, 2012

10:00 AM - 12:00 PM

Did you know that the latest version of the Michigan Manual on Uniform Traffic Control Devices (MMUTCD) was released in December 2011? Do you know what changes were made and how they will affect your devices?

Learn about the latest sign regulation changes

## Why Attend?

The MMUTCD was recently updated based on the latest release of the federal Manual on Uniform Traffic Control Devices (2009 edition). Your agency will need to know what changes and updates have been made to be certain that all of the devices in your jurisdiction are compliant.

This online training session, by Mark Bott from the Michigan Department of Transportation, is intended for local agencies that want to familiarize themselves with the changes made to the MMUTCD since its last update in 2005. During the session, participants will have an opportunity to ask questions and discuss the changes.

## Registration

The cost to attend this webinar is \$20 per connection, which covers phone and web conferencing costs. Multiple participants may listen in on a single connection. To register, call the Center for Technology & Training (CTT) office at (906) 487-2102.

Participation is on a first-come, first-served basis. There are a limited number of connections available; please register early. If you register and must cancel, please call the CTT on or before January 27<sup>th</sup> so the next person on the waiting list can participate. Those who notify us of a cancellation by January 27<sup>th</sup> will receive a full refund.
